

GRANTS FOR INTERNATIONAL RESEARCH VISITS 2018

Grants toward funding of three- to twelve- month research visits are available from the Lappeenranta University of Technology Research Foundation.

The purpose of these grants is to encourage individual researchers and research groups to advance international research cooperation and to increase the number of articles published in internationally respected science publications.

Grants may be awarded to researchers working in any phase of their four-stage research career. Grants are awarded for **researchers travelling with families**. Costs that are considered are travelling costs of family members and extra costs of renting a bigger apartment.

When applying for the grant, please attach the following:

- 1) a detailed work plan covering the period of the visit
- 2) a description of the length and program of the visit
- 3) an estimate of the cost of the visit (family members' costs)
- 4) a funding plan (include other sources of funding, pending grant applications, and support provided by the university)
- 5) CV
- 6) information regarding family members who will be accompanying you.

Neither MYEL pension insurance contributions nor daily expense allowance is covered under the grant.

Grant money for research visits may also be applied for visits to Lappeenranta University of Technology.

The grant application period ends on December 1st, 2017.

For more information concerning this grant, please contact Executive Director Timo Alho by phone 040 5126324 or by e-mail at timo.alho@lut.fi or www.lut-tukisaatio.fi. Application form can be found on the website www.lut-tukisaatio.fi.

The applications, which should be sent to the Lappeenranta University of Technology Research Foundation Committee, must be delivered to the executive director (room 4406 B or Skinnarilankatu 34, P.O. BOX 53851 LAPPEENRANTA) by 4 p.m. on December 1st, 2017. Application form will be sent in excel format to timo.alho@lut.fi.

Timo Alho
Executive Director
